Dear Supporter

We have recently launched our very own fundraising website:  
**[www.simplefundraising.co.uk/2306](http://www.simplefundraising.co.uk/2306)**

Our fundraising website means that every time you shop online, each of the companies listed will donate money to BME Community Services and you are helping some of the most disadvantaged people.

There are already over 200 retailers who are giving us their support including household names such as Tesco, HMV, Carphone Warehouse, Disneyland Paris, Esure and many more.

Best of all, it will not cost you any extra as these companies will pay us from their own profits. Furthermore, virtually all of the companies involved offer online shoppers incredible savings and offers – so we all win!

Not only does our fundraising website enable us to raise money, it's also useful for you as well.

By registering, for free, on our site, you get to have your own personal space where you can easily put all your favourite websites in one place, you get to read our newsletters online plus we can alert you with any emergency news via SMS messaging.

Furthermore, as our site incorporates the Google search engine, you can make our site your home page and you still get to keep all the benefits of the internet and at the same time help to raise money.

For example, if you use our website to order your weekly grocery shopping from Tesco, they will donate £2.50 for each delivery. Take out an insurance policy with E-Sure and they donate up to £40 and the Carphone Warehouse will donate £20 if you buy a contract phone.

We never know details about your purchases, just how much each company donates.

This really is an exciting opportunity for BME Community Services and I am convinced that together, we can easily raise money so that we can carry on furthering our objectives.

Yours faithfully,

Doreen Mutale
